HBAC Tackles the Tough Issues and Gives Back

Sandra Shaw, Janice E. Parente, PHD, Guest Speaker, with Gillian Pannini and May Yamada-Ahsue.

Crises in clinical research

Dr. Janice Parente, President of Ethica Clinical Research Inc. gave us an eye-opening view of human clinical trials at our June 7th, 2007 meeting. Dr. Parente outlined the sobering facts about the lack of regulation and across-the-board governance to ensure that research trials are conducted in a responsible, transparent manner. Dr. Parente, finalist in this year's Ernst and Young Entrepreneur of the Year Awards program for the Quebec region and recently featured in *More Magazine*, gave an impassioned and empathic talk on the current state of clinical research.

HBAC's annual Golf Tournament kicks it up a notch

Our popular annual Golf Tournament on August 14, 2007 was another great success, giving us the opportunity to network at brunch and dinner and to enjoy the sunshine and company. Many thanks to all our sponsors and participants, who helped us raise thousands of dollars for this year's recipient, Fondation Autisme Montréal.
