# HBAC is Branching Out: New Look, New Direction

---

The Healthcare Businesswoman's Association of Canada, founded in 1993, enters a brand new era, complete with a new look, a new direction and newfound energy that is, well, simply contagious!

## **Have a look at our look**

Our logo has undergone a subtle but meaningful modification. Our lovely tree continues to signify roots and growth and networking through the flow of its branches—but its trunk now takes the shape of a woman, emphasizing our strength, our passion and our ability to embrace change.

## **A mission statement with meaning**

The Healthcare Businesswoman's Association of Canada provides a professional and collaborative platform through which members acquire new knowledge, share their expertise, develop their careers and build strong relationships.

## **Service, with a smile**

We embrace the values of public service and sharing our good fortune. In addition to developing minds and networks, HBAC has transformed its service orientation into conscious, focused action through key fundraisers every year. **CPM**

## **Mark your calendars!**

### **December 4, 2009**

Our traditional season event and a reunion. Calling all past members!

### **Coming up in 2010**

#### **Breakfast Series: Remarkable Women, Outstanding Contributions**

Four breakfast events, each featuring a presentation from a remarkable woman who has made an outstanding contribution to their company, industry or community.

#### **Professional Development Workshops**

Three half-day workshops, given by Bill 90-certified facilitators who will issue certificates at the end of the training.

#### **Fundraisers**

**Spring:** Golf clinic and luncheon

**Summer:** Dragon Boat Festival

**Winter:** Raffle, silent auction, casino

**Join us today! Already a member? Invite another woman along to our next meeting so that she too can experience and enjoy the benefits of our growing network.**
