

The Healthcare Businesswoman's Association of Canada

On May 5th, we hosted our first Remarkable Women, Outstanding Contributions event and thank you to Danielle Grenon of Fresenius Healthcare for being our speaker. Danielle's story was inspiring as she described her 30-year career in the pharma industry. Her story included how she joined an under performing plant and within less than two years she turned it around to be the winner of the Plant of The Year in North America.

On another note, your HBAC Board of Directors are working hard at creating a web 2.0 presence that serves you, the HBAC community, while remaining affordable and efficient to maintain. The NING site will soon be phased out and so if you have not already done so, please join The Healthcare Businesswoman's Association of Canada group on LinkedIn. For the time being, we will use that platform to advise you of news and events. The new website will be available at www.hbac.ca.

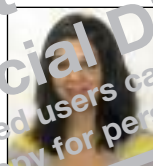

In the spirit of innovation, we are elated to share a few announcements that will see the HBAC moving forward in the upcoming months. On June 16th, our Annual General Meeting took place and a new board of directors was set in place. We would like to extend our warmest welcome to all of our new board members.

Anna Liachenko
President
(514) 435-7860

Corry Robertson
VP of Corporate Relations,
Past President
(450) 458-2592
